## ABOUT THE PROJECT

The building is the result of the rehabilitation of 4 historic buildings of traditional design, adapted to the comfort needs of modern life. It is a closed residential condominium with 52 apartments decorated with high-quality finishes, an interior garden common to all apartments, swimming pool and wide circulation areas. All details of the building have been carefully thought out, offering a selection of materials and high quality finishes that promote an enhanced living experience.

## CENTRAL LOCATION

For all of the above, Lisbon is a life experience for those who enjoys the best things in life. And, this urban regeneration project is in the very central location, at a great place to live in Lisbon.

The city's most emblematic promenades like Saldanha, Avenida da Liberdade and Marques de Pombal are just a short walk away and they coexist harmoniously with the neighborhood mystique that is reinventing itself never forgetting its historic roots.

## WHO WE ARE

Formed in 2014, the Get Golden Visa's global operations are spread over four offices. They are located in London, Lisbon, Athens, and Istanbul. In addition, we have seven liaison offices ran through strategic partners. With advisors on the ground in so many geographies, we provide end-to-end solutions from the program details to local investment advice for our investors.

## PRINCIPLES

The pillars we work by are all surrounded by the constant need to serve with quality, efficiency, and effectiveness. With that, we make sure and;

- Serve each and every one of our clients with professionalism, honesty, and integrity
- Present the best solutions available, tailored particularly to our client's needs
- Only offer our services if we have the ability to be of significant assistance

## UNIQUE EXPERIENCE

We are well aware that your experience in choosing the right property is unique. That is why we are dedicated to provide you with a tailored service catering to your specific criteria and needs. Our priority is your satisfaction and positive reference.
